REQUEST FOR CORRECTION

Gloria,  
Please correct the  
inventorship since  
Petition is  
granted -  
C.A.

Errors have been made at the time of filing this application, in the naming of inventors and in the claim for priority under 35 U.S.C. § 119. This submission is being made for the purpose of correcting these errors.

Enclosed herewith is a new executed declaration (Forms PTO/SB/01 and PTO/SB/02A) that includes all of the originally named inventors, plus newly named co-inventor Singamsetty Radhakrishna. This declaration also includes a claim for priority from Patent Application No. 523/MAS/2003, filed in India on June 26, 2003, which was not identified in the original declaration.

As required by 37 C.F.R. § 1.48(a), applicants are also enclosing a statement by Singamsetty Radhakrishna that he was originally omitted without any deceptive intent on his part. The assignees, Dr. Reddy's Laboratories Limited and Dr. Reddy's Laboratories, Inc., have given their consents for the change in inventorship, and those documents are enclosed. Assignments from the inventors have been recorded at Reel 014791, Frame 0205 and at Reel 015194, Frame 0755.

The fee specified by 37 C.F.R. § 1.17(i) for the inventorship change is being paid by a charge to our deposit account, according to the enclosed Form PTO/SB/17.
